

## ***A new way to carry the message!***

Region 8 has an excellent resource page with links to OA information that may benefit newcomers, returning and current members. People may scan this QR code (point your smart phone's camera at the QR code and a link will pop up) and connect to the Region 8 resources page. Please feel free to print this flyer and pass around in face-to-face meetings or insert into a visual format for virtual meetings.

Check it out. Pass it on.
